hinduism is the third largest world religion with over a billion adherents being far from monolithic with its variant theological and philosophical underpinnings hinduism is also the product of the sum total of its history rajagopal 2004 p 445 it is rooted in an ancient civilization with a rich and distinct heritage yet has been greatly influenced by external forces over many centuries these encounters with outside forces brought about certain foreign ideologies and moral innovations that have tested its religious and cultural boundaries leaving a deep impact on the overall mindset of hindus béteille 2012 holmström 1968 k m sen 1967 one of the ideas introduced largely by western missionaries and western educated reformers that

played a major role in reforming hindu practices and impacting the collective mindset was the idea of intrinsic human dignity while there have been internal reforms in certain traditional practices and there also exists an intuitive appeal for dignity among hindus not much is known about how they understand and describe dignity within their socio religious framework therefore the purpose of this qualitative study was to understand how contemporary upper caste hindus brahmins kshatriyas and vaishyas understand and describe human dignity a description based on online resource title from pdf title page biola university library viewed may 2019 qualitative research approach with a constructivist framework was used to explore the phenomenon from the subjective viewpoint of the participants cresswell 2014 data were collected through one on one conversational semi structured interviews lasting between one hour and two hours with 17 upper caste university educated hindus aged 30 and above and living primarily in the united states of america and also in india this study shows that the participants understand and describe dignity primarily as the way they respect themselves and others they see dignity both as intrinsic and acquired dignity is understood as intrinsic due to the oneness of humankind however dignity is also understood as acquired in that it comes in degrees varying according to caste and class stratifications and possessions and because it can be either violated or promoted

in the modern practice of medicine new challenges complicate the ethical care of patients today s times require a contemporary take on the concept of medical ethics the idea for this textbook was born out of a need for a teaching resource that merges medical ethics theory with the practical needs of modern clinical medicine in evidence based medical ethics cases for practice based learning the authors address what has been missing in existing text books and ethics courses to date clear cut ethical and legal guidelines that provide a method for the reader to learn how to systematically manage dilemmas seen in the everyday practice of medicine the reader is guided through several typical patient scenarios and prompted by various questions that should be entertained by the treating health care provider then relevant evidence based medicine legal precedent and the ethical theory that applies to the situation are revealed often finding the best ethical solution for each problem is automatic as the solution often becomes self evident during information gathering this general method is reinforced throughout the text with multiple different cases using a practice based approach by building on the reader s developing skills additionally we have sought to emphasize a culturally competent manner in resolving these dilemmas respectfully addressing issues of age gender and culture whenever possible the main goal of evidence based medical ethics cases for practice bases learning is to assist the reader in adapting a patient centered and evidence based approach to dilemmas faced in their future practice of medicine

this is the first anthology to bring together a selection of the most important contemporary philosophical essays on the nature and moral significance of self respect representing a diversity of views the essays illustrate the complexity of self respect and explore its connections to such topics as personhood dignity rights character autonomy integrity identity shame justice oppression and empowerment the book demonstrates that self respect is a formidable concern which goes to the very heart of both moral theory and moral life contributors bernard boxill stephen l darwall john deigh robin s dillon thomas e hill jr aurel kolnai stephen j massey diana t meyers michelle m moody adams john rawls gabriele taylor elizabeth telfer laurence l thomas

this impressive book brings together two major tenets of modern healthcare person centred care and interprofessional working in order to utilise different perspectives on practice to identify the best treatment for the individual in a three part structure covering theory ethics and practice the challenge of person centred care provides jargon free explanations of the role of person centred care for each professional group clear advice to prepare students for practice numerous case studies and scenarios to illustrate how theory can be applied as a text that engages readers in ethical and moral debates the challenge of person centred care is an essential resource for health and social care students and practitioners by inspiring critical thinking and reflection on the varied practice roles it contributes towards improving patient experience in the future

pritchard provides a deliberate and convincing argument for a starting point for the discussion of moral development on in which self regard and empathy provide equally essential groundings for individual morality drawing essential elements from the work of reid strawson rawls kohlberg and gilligan he builds a comprehensive framework for tracing moral development from childhood one that allows human morality to be grounded in both reason and emotion and that recognizes the importance to morality of justice and rights as well as caring and responsibility

this is an open access title available under the terms of a cc by 4 0 license it is free to read download and share on elgaronline com this comprehensive research handbook provides an accessible overview of research on palliative and end of life care in its social context it examines key theories methods and research findings presenting crucial social science and public health perspectives

the ethic of care a moral compass for canadian nursing practice is unique from other nursing ethics textbooks in several key ways the book adds a heightened dimension to the already rich knowledge in the field of applied nursing ethics and the ethic of

human dignity and equal respect for persons are cornerstone ideals of western

society and lately they seem ever present from the black lives matter movement to debates about abortion and immigration to ongoing war in the middle east appeals to dignity and respect are ubiquitous but what if our basic assumptions about these ideas are mistaken remy debes challenges readers to take this question seriously and in turn to rethink the history meaning and future of the western commitment to respect for all persons it does so in an accessible style free from academic jargon and using examples drawn from real life literature music and popular culture

engaging systematically with severe forms of poverty in europe this important book stimulates academic public and policy debate by shedding light on aspects of deprivation and exclusion of people in absolute poverty in affluent societies it examines issues such as access to health care housing and nutrition poverty related shame and violence the book investigates different policy and civic responses to extreme poverty ranging from food donations to penalisation and social cleansing of highly visible poor and how it is related to concerns of ethics justice and human dignity

human dignity the ability to establish a sense of self worth and self respect and to enjoy the respect of others is necessary for a fully realized life working with dignity is a fundamental part of achieving a life well lived yet the workplace often poses challenging obstacles because of mismanagement or managerial abuse defending dignity and realizing self respect through work are key to workers well being insuring the dignity of employees is equally important for organizations as they attempt to make effective use of their human capital in this book randy hodson a sociologist of work and organizational behavior applies ethnographic and statistical approaches to this topic offering both a richly detailed inside look at real examples of dignity in action and a broader analysis of the pivotal role of dignity at work

commentators often interpret the resentment of supporters of populism as blindly emotional and unconnected to facts and principles democratic respect argues instead that we should approach the populist politics of resentment as a struggle for recognition based on moral experiences that are intimately connected to people s factual and moral beliefs by associating populist resentment with alleged violations of democratic principles we can discuss what citizens and governments owe one another in terms of recognition and respect populism advances a unique interpretation of democracy and recognition which rostbøll confronts with the notion of democratic respect how democracy should recognize the people is shown to be connected to debates over the meaning and value of democratic procedures rights majority rule compromise and public deliberation the book builds a bridge between empirical research and philosophical analysis while providing insights relevant to a public grappling with the challenges many democracies face today
